

## Big Year for Roadway Improvements

When driving through the City this summer, motorists will notice multiple construction zones where work is being performed to improve the community's transportation infrastructure. These projects are located along several of our major routes and run the gamut from bridge rehabilitation, pedestrian/bicycle improvements to roadway widening and reconstruction.

While we understand driving through a construction zone can be inconvenient, please keep in mind the completion of these improvements will improve safety, traffic flow, and will ensure a smoother ride for the thousands of cars that use these roadways on a daily basis. Some of the major projects planned for this summer include:

**I-675 Pedestrian Bridge Project** – The new pedestrian bridge that will link the cities of Beavercreek and Fairborn is scheduled to be completed around the middle of June. Once completed, the bridge and new bikepaths will link the intersection of Commons Boulevard at Pentagon Boulevard in Beavercreek to Center Park Boulevard in Fairborn.

**North Fairfield Road Bridge over I-675 Improvements** – This project will replace the existing bridge deck and will widen the bridge on North Fairfield Road over I-675. When completed an additional lane will be available to southbound traffic on North Fairfield Road. This project is managed by the Ohio Department of Transportation, and is scheduled to be completed in early August.

**Grange Hall Road Widening** – Beginning later this summer, a project is planned to widen and reconstruct Grange Hall Road between Kemp Road and Gardenview Drive. During the course of this work, two-way traffic will be maintained on Grange Hall Road.

**North Fairfield Road Reconstruction** – In early May work began on a project to widen and reconstruct the section of North Fairfield Road between Jonathon Drive and Shakertown Road. The current closure to northbound traffic along this section of North Fairfield Road is projected to end in early August, with all of the work anticipated to be done in November.

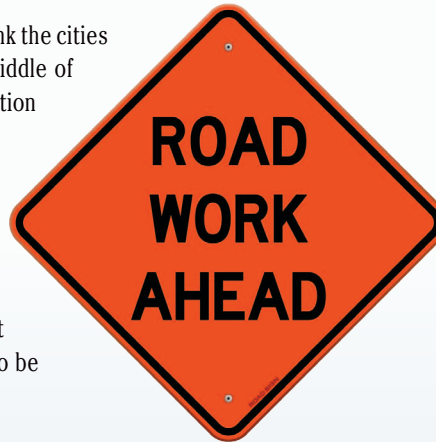

**National Road Widening** – A project is currently underway to widen the section of National Road between Col. Glenn Highway and Reese Drive. Once completed, a center turn lane will be available to drivers to improve safety and traffic flow in this heavily traveled area. This work is scheduled to be completed in the July/August timeframe.

**North Fairfield Road Resurfacing** – Beginning this summer is a project that will resurface the section of North Fairfield Road between North Drive and Beaver Vu Drive. In addition to the pavement repairs, this project also includes the replacement of sections of curb and sidewalk in this area.

These improvements represent an investment of approximately \$13.8 million in the City's infrastructure, with around \$11.5 million of this cost drawing from grant and/or non-City funding sources. The City's aggressive pursuit of these grant funds makes the construction of these larger improvements possible and helps to stretch local roadway improvement monies.

In addition to these projects, the City also has a street resurfacing program planned to improve just under 14 centerline miles of roadways as well as a new curb replacement program. Information on the locations for resurfacing and curb repair work can be found on the City's Web site at [www.beavercreekohio.gov](http://www.beavercreekohio.gov).

Please contact the Engineering Division at (937) 427-5513 with any questions regarding any of these improvements.

## Detention/Retention Pond Safety

There are many detention and retention ponds within the City of Beavercreek. You can see them at multiple businesses and subdivisions throughout the City. The difference between these is that a detention pond is a dry area except after rain events. A retention pond is a wet pond year round and holds more water after rain events. Both of these ponds are designed to hold water after storms for a period of time to reduce flows going to streams and help with keeping erosion lower in these streams. These ponds are great for this purpose, but they not a place to play in.

Both types of ponds have outlet structures at the end of them to let water out after rain events. It may look harmless, but as with any body of water after a rain, there is a current in these ponds since they have an outlet. During heavy rains, this velocity may be greater and more care needs to be taken around them since the current is stronger as well. So, please remember the following safety tips around these structures so you do not get hurt.

### DETENTION/RETENTION POND SAFETY TIPS:

- Never leave a child unattended around a detention/retention pond
- Signs may or may not be posted about no swimming, fishing, or ice skating in the pond. Even if there is no sign, do not swim, fish, or ice skate on them since they are meant as drainage structures and there is a potential to get stuck in the outlet pipe, especially after rain events
- Do not play around these structures. Some of these ponds have drop-offs around the outlet structures and the retention ponds are not deep, but are deep enough to get seriously hurt if someone falls into them
- For flooding, follow the same rules as you would in a car on the roadway. Never go into any water in these ponds as the currents are strong and you cannot see what is going on below the surface or how deep the water is

## History of the Beavercreek Police Department

In 1952, three elected constables, one by the name of Max LeVeck, began patrol operations in Beavercreek Township to supplement the Greene County Sheriff's Office. The constables had no building and used Max LeVeck's kitchen table as their headquarters and the back of their cruisers as their office while on patrol. A citizen who owned radio equipment served as a dispatcher for the constables.

Beavercreek Township Trustees authorized the formation of the Beavercreek Township Police Department in 1957 and Max LeVeck was appointed Chief of Police. Chief LeVeck would serve in that role from 1957-1975. As the community grew, the agency continued to add officers and formed a dispatch operation.

In the mid-1970s, the Police Department began operations out of a small house on North Central Drive with 17 sworn officers. Most often, there was one officer assigned to a patrol district north of Route 35 and one officer assigned to a patrol district south of Route 35. These officers were responsible for enforcement and protection of the 52

square miles that encompassed all of Beavercreek. When back-up protection and help was needed, it usually was requested from the Greene County Sheriff's Office or the Ohio State Highway Patrol.

The City of Beavercreek was incorporated in 1980. The agency became the City of Beavercreek Police Department under Police Chief Bill Perry who had served as chief of the Department since 1975. The Department continued to grow with the community and went from 17 to 29 officers after incorporation. As a result, expanded police services were offered to the residents, and a volunteer citizen program to assist officers known as the Citizens On Preventive Patrol (COPP) was founded in 1987. This program was one of the first of its type in the country and today is one of the longest running volunteer police programs. Services such as Crime Prevention and Neighborhood Watch Programs (1975), Drug Abuse Resistance Education (DARE, 1985), Regional Emergency Response Team (RERT, 1994), School Resource Officer (SRO, 2000), and Citizens Police Academy (2001) would follow. This year the Beavercreek Police Department will gradu-

ate Class 13 of the Citizens Police Academy. Over the years, community involvement with police programs has played a central role in lowering crime rates and creating a safer community as well as fostering a better understanding of law enforcement goals.

The Department was moved in 1981 to Whitney Marshall Drive in Alpha, where one side

[continued on page 3...]

## History of the Beavercreek Police Department [...continued from page 2]

of the building contained police administration, operations, investigations and dispatch. The other side of the building contained the City Road Department. The Police Department remained at the Whitey Marshall Drive location until 1984 when it moved to the lower level of the current city building at 1368 Research Park Drive. In 1997, BPD moved from City Hall to its current location at 1388 Research Park Drive.

In the mid-1980s, Beavercreek Police Department was one of the first agencies in Greene County to have a police canine program and a motorcycle unit. The canines were instrumental in the apprehension of suspects conducting criminal activities and a vital tool in drug enforcement efforts. The motorcycle unit was used to conduct traffic enforcement activities as the growth of the City continued. Traffic remains as much an issue today as it was in the mid-1980s. Today the Department continues to seek traffic grants in an effort to reduce the number of injury and fatal traffic crashes within the City.

Drug enforcement became a prevalent issue in the 1980s. The Greene County Drug Task Force was established in 1986 and was originally comprised of representatives from the Beavercreek, Fairborn, and Xenia police departments, and the Greene County Sheriff's Office. The Greene County Prosecutor's Office and the Ohio Bureau of Criminal Identification and Investigation joined the effort later on. The goal was to create a multi-jurisdictional unit to more efficiently and effectively direct investigations relevant to complex drug-related cases. This successful unit continues to direct the countywide drug efforts with the same goal today as in 1986: to provide a safer, more drug-free environment for all of Greene County's residents.

In 1999, the Beavercreek Police Department became internationally accredited through CALEA (Commission on Accredited Law Enforcement Agencies). In 2013, CALEA awarded the Beavercreek Police Department "Accreditation with Excellence" distinction. BPD was one of only 37 municipal law enforcement agencies in Ohio to be accredited in 2013.

A new mode of policing transportation was utilized in 1999 when the Police Department Bike Patrol Unit was formed. The bikes are used today in the neighborhoods and city retail areas. The Department currently has ten fully-equipped bikes that can be seen on bike racks on the back of the cruisers, allowing for quick deployment while on routine patrol.

In 2008, the Beavercreek Police Department joined with Fairborn, Xenia, Greene County Sheriff's Office, Greene County Commissioners and Beavercreek Township to form the Public Safety Information Sharing Network (PSISN). Through a Countywide records management and dispatching software system, this collaboration enhances the safety of the public and first responders. Equipment and personnel are dispatched faster and more efficiently. This system allows information to be shared across the County, enhancing further the safety of the public and first responders.

The Beavercreek Police Department partnered with Greene County in 2013 to join the State of Ohio Multi-Agency Radio Communication System (MARCS). This system gives first responders throughout Greene County state of the art radio communications. It also allows all Greene County agencies the ability to communicate directly with each other and with agencies at the state and federal levels should a disaster or a mutual aid situation necessitate.

Since incorporation in 1980, the Department has experienced many changes and challenges as the community experienced expanded residential and commercial growth along with changing demographics.

One of the major challenges since incorporation has been the funding of police services. Until 2002, Beavercreek Township residents were provided police services by the Beavercreek Police Department. When the police levy portion voted on by Township residents failed, the Township elected to contract with the Greene County Sheriff's Office where police services remain today. In 2014, City residents voted in favor of a 3.7 mill renewal with 0.8 mill additional, totaling 4.5 mills for five years. This levy, which commenced in 2015, provides funding for the Police Department through 2019. Passage will maintain current operations and programs, and returns the authorized staffing of sworn police officers to 48, a level not reached since 2008 despite annual increases in demand for services.

Currently the BPD is the process of filling two current officer vacancies to return the Department's authorized staffing level to 48 sworn. The Department also employs 10 communications operators, two records clerks, one Fleet, Facilities and Equipment Coordinator, and two administrative assistants.

## City of Beavercreek Named 2015 Healthiest Employers!

The City of Beavercreek was one of 15 winners of the *Dayton Business Journal's* 4th annual Healthiest Employers Award, and the only municipality! *Dayton Business Journal* reviewed nominations and selected only the most outstanding health and wellness programs created and implemented by local companies for this honor.

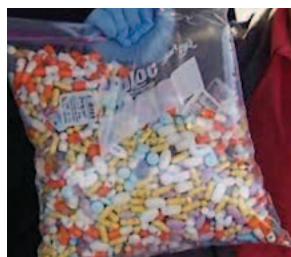

BeavWELL, available to all full time City employees, is a participatory incentive-based wellness program funded entirely by Anthem Wellness Dollars and an Ohio Bureau of Workers' Compensation Workplace Wellness Grant. It was designed as part of the City's continuing effort to provide employees and their families with quality health care coverage at the most reasonable cost. The purpose of BeavWELL is to educate, promote and reward employees for taking action toward making smart and healthy lifestyle and health consumer choices.

For the second year in a row, nearly 50 percent of City employees participated in various wellness activities, from biometric screenings and health risk assessments to flu vaccinations, health-related Brown Bag Lunch and Learns, weight management, and other activities throughout the year. Powered by Wellvibe, a HIPAA compliant online tracking tool, BeavWELL participants that qualified for rewards by completing all their required activities (according to age and gender) and at least five optional activities received Wellness Dollars, as well as one or more entries into drawings for additional prizes. The number of qualifiers increased 8.1 percent over the first year.

"Creating a healthier workforce can be linked to higher quality productivity, improved morale, reduced absenteeism, reduced Workers' Compensation claims, and lower health care costs – a healthy win for the City," stated City Manager Michael Cornell.

## Beavercreek Police Department Prescription Drug Drop Box Program

The Beavercreek Police Department is now in its third year of participating in the Ohio Prescription Drug Box Program, which was made possible through a 2012 grant from the Ohio Attorney General's office. The program's goals are to prevent accidental overdoses and poisonings, keep drugs from being stolen or misused, and avoid environmental contamination from flushing or tossing drugs in the trash.

You can safely dispose of your unwanted, unused, or expired medications by dropping them off between 8:00 a.m. and 5:00 p.m. at the Police Department building located at 1388 Research Park Drive. The drop box is located just outside the elevator on the mezzanine level of the lobby and is intended for citizens' use only – no businesses, please.

We accept only pills and capsules that have been removed from their bottles, blister packs, boxes and other packaging containers and placed in a clear zip closure bag (*see above photo*). We cannot accept creams, liquids, sprays, inhalers, needles or sharps, syringes, Epi-Pens, ointments, suspension fluids, or biohazard materials. Your cooperation is greatly appreciated to ensure the success of this valuable public service. All medications are properly disposed of by the Beavercreek Police Department.

If you have any questions, you may call Sergeant Phil Wesseler at (937) 426-1225, or you can go to our Web site at [www.beavercreekohio.gov](http://www.beavercreekohio.gov) and find more information.

# Beavercreek Police Department 2014 Awards

During the Beavercreek Police Department's annual meeting on January 28, 2015, Chief Dennis Evers issued numerous letters of recognition and awards to Department employees honoring their efforts throughout the past year.

The following individuals received Letters of Recognition: Officers John Bondy, Mark Brown, Brian Cline, Don Cole, Charmaine Hall, Roger Hilderbrandt, Tim Lammert, David Majercak, Matt Stull, Jennifer Snyder and Chris Williams; Detective Dan Krall; and Captain Scott Molnar. Officer Matt Stull also received a Department Commendation.

Communications Operator Jennifer Kochaney and Officer James Spicer were recognized for achieving the milestone of serving 25 years with the Beavercreek Police Department.

Officer John Bondy was awarded 2014 Officer of the Year for his exceptional attitude, initiative, professionalism and commitment to teamwork; Communications Operator Jamie Baker was recognized as 2014 Civilian Employee of the Year and C.O.P.P. James Madsen was honored as the 2014 C.O.P.P. of the Year for his dedication to the department as a member of the volunteer organization Citizens on Preventative Patrol (COPP) for over twelve years.

The Beavercreek Police Department is proud to acknowledge all of these individuals for a job well done. Their actions inspire great confidence in the agency and are consistent with our Mission Statement to work in partnership with the community to safeguard the lives and property of our citizens while supporting each other in the accomplishment of our mission.

## Officer Brownlee Receives MADD Award of Excellence

The Beavercreek Police Department is proud to announce that Officer Kristopher Brownlee has received a 2015 Award of Excellence from MADD (Mothers against Drunk Driving) for his outstanding efforts to stop impaired driving in 2014. MADD Southwestern Ohio Chapter held its Honoring our Heroes Awards of Excellence Recognition Luncheon on Thursday, February 26, 2015 at Beckett Ridge Golf Course in West Chester, Ohio.

Twenty-one officers from the southwestern region of the state were honored for their hard work and dedication to making Ohio roadways safe for travel. They were recognized not only for their drunk driver arrest records, but also their work with victims, success of drunken driving convictions, and outstanding commitment to raising public awareness of the dangers of impaired driving through work with their department and community organizations.

Officer Brownlee has been a uniformed patrol officer with the Beavercreek Police Department since November 2012. He has proven to be an aggressive enforcer of the traffic laws and has consistently shown great attention to detail and commitment to his assignment. He regularly volunteers to work a special detail directly aimed at OVI detection and apprehension.

Officer Brownlee's dedication to making the roadways of Beavercreek safe for travel is evident by the 34 drunken driving arrests he made in 2014. He takes great pride in his work and shows empathy for the victims he serves daily. He has been praised for his testimony leading to convictions and received compliments from citizens for his professionalism and caring attitude. His actions both on and off the job are a testament to his commitment to serve and protect and the Department is proud to congratulate Officer Kristopher Brownlee on a job well done.

**Officer John Bondy**  
2014 Officer of the Year

**Jamie Baker**  
2014 Civilian of the Year

**James Madsen**  
2014 C.O.P.P. of the Year

**Officer Kristopher Brownlee**

## Beavercreek Neighborhood Watch Program

Since there can't be a law enforcement officer on every corner, citizen involvement is essential to deter crime. Launched in 1972, Neighborhood Watch is one of the oldest and most effective crime prevention programs available for keeping crime out of our neighborhoods. When neighbors work together with law enforcement, it creates the best crime fighting team around.

The Neighborhood Watch crime prevention program enlists the active participation of citizens in cooperation with law enforcement to reduce crime in their communities. It involves neighbors caring about each other and working together to recognize and report suspicious activities in their neighborhoods. Simple things like keeping your doors locked, leaving lights on while you're away from home, and installing a home security system can help deter crime. And Neighborhood Watch works because alert and observant residents further reduce opportunities for criminal activity.

To start a Neighborhood Watch program, begin by talking to your neighbors and canvassing your neighborhood for interest. Gather the facts about crime and explain the value of the Neighborhood Watch program. Mention that it does not require frequent meetings and no one is asked or encouraged to take personal risks to prevent crime. Schedule an introductory meeting to decide on strategies and activities. If there is enough interest after the initial meeting, the next step is to contact Officer Kevin Kovacs, Beavercreek Police Department's Crime Prevention Officer, to learn how to get your Neighborhood Watch started.

Officer Kovacs can be reached at (937) 426-1225 or at [kovacsk@beavercreekohio.gov](mailto:kovacsk@beavercreekohio.gov). He can provide you with a packet of information that will guide you through the steps of starting your Neighborhood Watch Program. Further information can also be obtained through the National Crime Prevention Council's (NCPC) Web site: [www.ncpc.org/topics/home-and-neighborhood-safety](http://www.ncpc.org/topics/home-and-neighborhood-safety).

Together, we can all "take a bite out of crime."

## Yard Waste Management

The Greene County Yard Waste Drop-off Site is open. This facility is located a few minutes east of Beavercreek at 2145 Greene Way Blvd., Xenia. Residents may drop off leaves, grass, and brush. The size of brush is limited to four inches in diameter and eight feet in length. Brush that is larger than four inches in diameter must be cut to firewood length, approximately 12 to 18 inches long. Materials not accepted include large stumps, apples, nuts, dirt, and sod.

The Greene County Yard Waste Site is open Monday through Thursday from 1:00 to 8:00 p.m., and Saturday from 9:00 a.m. to 4:00 p.m. This facility is closed on Fridays, Sundays, and holidays. Residents should arrive 15 minutes prior to the closing to allow time to unload their yard waste.

Untreated mulch is available at this site at no cost plus residents can recycle household items. Materials accepted for recycling include cardboard boxes, paper, newspaper, metal cans, plastic bottles, glass bottles and jars.

Residents may also take yard waste to Eco-Green Recycling, LLC, located at 1290 East Dayton-Yellow Springs Road, Fairborn, or BioSource Landscaping, located at 869 US Route 68 South, Xenia. For information about the yard waste sites and facilities, visit [www.co.greene.oh.us](http://www.co.greene.oh.us) and click on Environmental Services listed under Departments, or call 937-562-5925.

## Police Department Hires New Officers

The Beavercreek Police Department conducted a ceremony on February 2, 2015 to swear in three new police officers in the Beavercreek City Council Chambers before family, friends and colleagues. Beavercreek Police Chief Dennis Evers introduced **James Burton**, **Cynthia Peffly** and **Tyler Fruhwirth** as the newest members of the Beavercreek Police Department before they were officially sworn in by Beavercreek Mayor Brian Jarvis.

**Officer Burton** holds a Bachelor of Science Degree in Education from Bowling Green State University and a Master of Science Degree in Recreation and Sports Management from Indiana State University. He is a 2013 graduate of the Greene County Criminal Justice Training Academy. Prior to joining the Beavercreek Police Department, he was employed as a police officer at Xavier University.

**Officer Peffly** is a 2013 graduate of the Sinclair Criminal Justice Training Academy. Prior to joining the Beavercreek Police Department, she was employed as a civilian police and fire dispatcher for the Montgomery County Sheriff's Office, a reserve police officer for the City of Trotwood and an auxiliary police officer for the Perry Township Police Department. She was recently appointed a deputy with the Montgomery County Sheriff's Office.

**Officer Fruhwirth** is a graduate of Heidelberg University where he majored in criminal justice with a minor in political science. He graduated from the Sinclair Community College Criminal Justice Training Academy in December 2014. Prior to joining the Beavercreek Police Department, he was employed with UPS.

Officers Burton, Peffly and Fruhwirth will be assigned to field training officers to learn Beavercreek policies and procedures. Upon successful completion of the field training shadow phase, which usually encompasses twelve weeks of training, they will be assigned to solo patrol status under the supervision of platoon sergeants. These appointments will bring the Police Department staffing level to 47 sworn officers out of an overall authorized staffing level of 48. Currently there is a hiring process underway to fill the 48th slot.

The Beavercreek Police Department looks forward to utilizing the strengths and talents each one of these officers bring to the community.

*Officer James Burton*

*Officer Cynthia Peffly*

*Officer Tyler Fruhwirth*

## Beavercreek Township Fire Department Hires a Full Time Firefighter

The position of firefighter is one rich in tradition, pride and honor; not only in the fire service but the society as a whole. The firefighter is a role model, and the one others turn to in a time of crisis. Here in the Beavercreek Township Fire Department, we expect our firefighters to be among the best trained and highly proficient professionals serving the members of our community with integrity, pride and compassion. Our firefighters are most often the first impression we make as an organization.

On March 23, 2015, **Bobby Symes** was hired as a career full-time firefighter to fulfill the integrity, pride, and compassion of the Beavercreek Township Fire Department. Below is a little about Bobby. We wish him the best of luck in his career.

Bobby Symes attended Sinclair Community College's Fire Academy and received his Level 1 and 2 Fire Certifications. Bobby attended the Miami Valley Career Tech Center to obtain his EMT-Basic and Paramedic certification. He began his fire career in 2011 with the Sugarcreek Township Fire Department as a volunteer and was hired part-time in September 2012 with the Beavercreek Township Fire Department. Bobby is trained in Ice rescue technician, Water rescue operations and Haz-Mat Operations. He has earned one EMS unit citation for a Cardiac Arrest Save.

Bobby is currently engaged and is planning a wedding for this coming August. Bobby intends to return to school to get his degree and to continue to furthering himself in his career. When Bobby isn't working he's enjoying music, singing, playing guitar and piano or playing any type of sport.

# Beavercreek Township Fire Department Auxiliary Expands Their Services

The BTFD Auxiliary, the all volunteer division of the Fire Department, has been serving the entire population of Beavercreek Township since its inception in 1995. Our members have spent over 6,500 hours in volunteer service to our Community. We have traditionally provided Emergency Scene support which includes firefighter rehabilitation and victim assistance as well as Social activities for the firefighter and their families. The Auxiliary helps create a sense of cohesiveness and family in the BTFD and provides support at all public events for the Fire Department.

We are excited to announce that this year our mission will be increasing. In April, we trained 12 of our members in emergency First Aid/CPR and AED use. They will, as private members of the community, be able to assist residents in distress until the paramedics arrive. Additionally, our first 20 FEMA Community Emergency Response Team (CERT) members will complete their training in June. The CERT is our newest initiative to improve our ability to help our community in times of a major event such as a tornado, blizzard, or wind storm.

CERT members are trained with the idea of neighbors helping neighbors in an emergency. CERT members will do an initial damage assessment in their assigned quadrants and ensuring their family and neighbors are safe. From that point on, our members will become force multipliers for our active duty firefighters. They will be trained in basic triage, search and rescue, and how to secure utilities among other functions. They will be able to assist our active duty firefighters by taking over non-critical tasks such as admin duties, communications and things as simple as assuring that first responders receive adequate food and hydration while they work around the clock to protect the community. This team will be deployable wherever they are needed.

The Auxiliary this year has almost doubled in size to 41 members with the majority of the new members interested in providing emergency on-scene support and CERT participation. Our membership consists of firefighter's family members, retired firefighters, former fire victims and other members of the community, many of whom are veterans of the US Military. We have a diverse base of people and knowledge which help to create a dynamic organization. The Auxiliary is always seeking new ways to help our fellow Beavercreek citizens in both the incorporated (city) and unincorporated areas of our township.

We support the Fire Department open houses in May and October as well as the Popcorn Festival and the Fire Department Old Timer's breakfast, honoring our past firefighter members. This year, we are also sponsoring the second annual Battle of the Badges Blood Drive in August at Peace Lutheran Church. In 2014, the totals for the blood donations were about 22 percent above what the Blood Center had anticipated. This event is just another way for the Auxiliary to provide support to our entire community.

## History of the Beavercreek Township Fire Department (1946-1979)

In 1941, John Scott, owner and operator of Knollwood Florist, decided that the Knollwood area could use some help in extinguishing fires at their homes or on their property. Having a panel truck for his business, he used the truck and purchased portable fire extinguishers, shovels and rakes for the purpose of fighting fires. For manpower, he used his own employees and some local residents he had recruited. He installed a siren on his greenhouse. He let it be known to the community that if they had a fire and needed help that they could call the greenhouse to report their fire. He would then activate the siren for the volunteers to come to the greenhouse and they would respond to the fire.

In 1945, Mr. Scott convinced the township trustees to put a \$15,000 bond issue on the ballot to start a township fire department. The trustees at the time were Grover Wolf, Otto Zink and Crawford Coy. The bond issue passed and the \$15,000 did purchase two new Chevrolet fire pumps. In addition, there was enough money to purchase material for the first Beavercreek Fire Station. It was located on South Central Drive in Knollwood.

The trustees rented two bays from Marshall Bros. Garage, located on Dayton-Xenia Road near Factory Road. That became Beavercreek's second station. That building was where Elano Corporation is now located.

Tom Ferguson was Township road superintendent so the Trustees appointed him to serve as Beavercreek's first fire chief. In 1946, the two fire pumps were delivered and, with some basic training in fire and emergency, the volunteers who had been recruited for stations 1 and 2 started the Beavercreek Township Fire Department.

[continued on page 9...]

# History of the Township Fire Department [...continued from page 8]

In 1950, the Trustees felt that being road superintendent and fire chief was too much of a burden for Tom Ferguson. They relieved him of his being fire chief and appointed John Scott Township fire chief.

In 1950, the residents in the northeast corner of Beavercreek known as New Germany decided that they needed a fire station in their area. The Trustees gave them their blessings and Station #3 was started. The station was built on the northern part of Grange Hall Road near New Germany Trebein Road. Labor was by volunteers and material was paid for by the Township.

By the time Station 3 was built, a used fire pumper purchased by the Township was delivered to them. In addition, the firefighters from 3 bought a used semi tractor tanker that held approximately 5,000 gallons of water. Back in those days they had to haul their own water; there was no Greene County Water Department, only wells. At fires they had to haul their water from nearby creeks and ponds. Each of the three fire pumpers hauled 750 gallons of water.

In 1956, Chief Scott persuaded the Trustees to put a one-mill five-year operating levy on the November ballot. The levy passed and the first year it produced approximately \$23,000. Up until then money was in short supply. The volunteers had to raise their money by having square dances, cake sales (with the wives baking the cakes), and donations from private individuals and businesses. Sometimes we had to ask for money or materials from citizens or businesses.

When we passed the one-mill operating levy in 1956, we told the people of Beavercreek that if they would pass the fire levy we would never knock on their doors again for donations. It did pass and we didn't knock on doors again. From that time on, the citizens of Beavercreek passed our one-mill levy every five years and were still doing it by 1979.

In 1957, land was purchased for Fire Station 1 at the corner of Dayton-Xenia Road and Forest Drive. A new fire station was built and this also became Beavercreek Fire Headquarters.

In 1958, a new fire station was built on Indian Ripple Road between North Fairfield and Grange Hall roads. The land that this station was built on was donated to the Township by George Henkle, a plat developer in Beavercreek. The volunteers provided most of the labor and, again, the Township purchased the materials. A used pumper was purchased from Van Buren Township, now Kettering, for the new station, Station 4.

In 1963, the Trustees purchased three-froths of an acre of ground on Dayton-Xenia Road between Forestdale and Central Drive. A new, modern fire station was built on this site. This was Station 2 and is still being used today.

In 1972, Eugene C. Merrill was hired, who was Station 4 District Chief, as a full time assistant chief and fire inspector.

New homes were being built in northern Beavercreek, so in 1973 it was decided to build a new fire station in that area. A station was built on Kemp Road between North Fairfield and Hanes roads, replacing the old one on Grange Hall. That station was in use till the late 1990s. A new station was constructed in the same location to accommodate the growing Beavercreek community.

It was also decided to remodel fire headquarters in 1973. They added a third bay and offices to this building on Dayton-Xenia Road across from Elano.

In 1975, fourteen volunteers started paramedic training. The paramedic course consisted of 240 hours of classroom schooling and 240 hours of on-the-job training at different Dayton hospitals covering most emergencies, i.e., emergency rooms, CCU and ICU. In 1976, eleven volunteers completed the training and passed the course of 480 hours. They became certified paramedics.

There was a personnel limit of 25 volunteers for each of the four fire stations. Many times there were waiting lists of persons wanting to become firefighters. Then, in the mid-1970's, volunteerism was beginning to drop. Thoughts about hiring some paid men were discussed.

In 1978, we were able to hire four full-time firefighters. First they had to pass a written test, a physical and a background check. The Trustees hired the top four of nine applicants. Those hired were Dana Brewer, Greg Connors, Gail Thompson and Joe Bianco. All were Beavercreek residents and volunteers. They were all certified paramedics and had much firefighting training.

We could not have had all of the good equipment and fire stations had it not been for the many people, particularly the volunteers and their families, the businesses that supported us, and the Township Trustees who wanted us to be the best we could be.

*TOWNSHIP TIMES* news and information is provided by Beaver Creek Township Trustees: Carol Graff, Editor (426-8558); Tom Kretz, Chair (654-9449); Dan Paxson, Vice Chair (684-6895); and Township Fiscal Officer Christy Ahrens (426-3039); Township Administrator Alex Zaharieff, (306-5162); Fire Headquarters (426-1213) | [www.BevercreekTownship.org](http://www.BevercreekTownship.org)

**ZONING:** After the long, recession-driven dormancy in development activity, Beaver Creek Township has experienced a recent burst of site-plan submittals and approvals. There have been five site-plans approved since 2013. Single-Family Dwelling permits have increased by 131 percent from 2013. Between the current approved subdivisions and the new subdivisions, the Township has 2,900 approved single-family dwellings. As of January 1, 300 lots are consider shovel-ready.

## New Subdivisions in Beaver Creek Township

### Spring Meadows

Phase 3 is being developed by Oberer Land Developers Ltd. It is located on the south side of New Germany – Trebein Road, just west of the intersection with Trebein Road. Thirty-six single-family dwellings are planned.

### Spring Ridge

Phase 3 is being developed by Oberer Land Developers Ltd. It is located at the northwest corner of Trebein and New Germany-Trebein Roads. Forty-eight single-family dwellings are planned. The plan also calls for preservation of the natural area and a small wetland area near the roadway. dwellings are planned. The plan also calls for preservation of the natural area and a small wetland area near the roadway.

### Claiborne Greens

A new section of Stonehill Village will be developed by MI Homes, LLC, out of their Cincinnati office, under contract with Bob Nutter. It is located on the west side of Trebein Road south of the intersection with Ankeney Road. 168 single-family dwellings are planned on 88.3 acres.

### Wood Ridge

Wood Ridge will be developed by several builders under contract with Robert Zimpfer. It is located at 2040 Indian Ripple Road, just east of CCN. Twenty-seven single-family dwellings are planned on 71.2 acres.

### Liberty Hill

A new section of Stonehill Village will be developed by Gordon White, under contract with Bob Nutter. It is located on the east side of Trebein Rd across from Stonehill Village. Thirty-one single-family dwellings are planned.

In May, the Township will be reviewing a new subdivision site-plan for River Reserve. River Reserve has a proposed 246 single-family dwellings on 116 acres.

### TOWNSHIP MEETINGS:

View your Township Trustee meetings. Visit the [www.BevercreekTownship.org](http://www.BevercreekTownship.org) Web site and follow the link to YouTube for the videos of meetings starting with May 12, 2014.

All Township meetings are held at Beaver Creek Township Fire Headquarters, 851 Orchard Lane. The Beaver Creek Township Board of Trustees will conduct Regular Meetings for 2015 starting with January 5 and every other Monday at 1:00 p.m. If Monday is a Federal Holiday the meeting is held the next day – Tuesday.

The Board of Trustees welcomes visitors to each of the meetings. Visit [www.bevercreek-township.org](http://www.bevercreek-township.org) for a list of address of all Township offices and facilities and for a calendar of meetings, permit forms, minutes of meetings, job descriptions, etc.

# Prepare Now to Stay Safe During Summer Storms

Did you know there are some smart and easy things you can do now to prepare to keep your family and your home safe in the event you lose your electrical power during summer thunderstorms?

Dayton Power and Light (DP&L) works all year to keep your home and business powered up. Our crews maintain and repair equipment in 24 counties. We trim trees to keep our customers safe and to keep branches from falling on power lines during a storm. We watch the weather constantly and keep additional crews ready to respond when severe weather is predicted.

But strong thunderstorms, wind and lightning can still cause outages. So before thunderstorm season gets underway, take a moment to look over these eight tips from DP&L that will help during an outage caused by a storm.

1. If you have changed your phone number, switched from a landline to a cell phone, or you simply have a new preferred contact number, did you alert DP&L? Updating your account contact information allows for quicker outage reporting via phone and makes it easier for our customer service representatives to contact you during an outage. You can verify and update your account information by calling 800-433-8500.
2. Have branches been broken during the winter or are dead trees threatening your power lines and power to your neighborhood? Survey your property to make sure a high wind won't cause anything to fall on power lines. You are responsible for keeping the service line (from the pole to your house) clear of any branches that could fall and cause damage. We recommend hiring a professional tree service to do this trimming. DP&L will assist the tree trimmer by temporarily shutting off power to the service line so that work can be performed safely. Customers can call DP&L at (937) 331-4860 a few days in advance of the work to schedule an appointment.
3. Do you have a storm kit? Storm kits usually contain supplies for communication, food, water and safety. Our Web site, [www.dpandl.com](http://www.dpandl.com), has more information about what you should keep in your storm kit.
4. Consider buying a power inverter or solar charger to help you recharge a cell phone during an outage – especially if you sometimes forget to charge your phone daily.
5. Learn how to send text messages, which can often go through in emergencies when cell phone service is disrupted.
6. If you buy or own a generator, carefully read all the directions now to ensure you understand how to safely operate it before a storm hits. NEVER use a generator inside your home or garage and keep it well away from windows to keep dangerous fumes from harming your family.
7. Keep the DP&L Outage Number (877-468-8243) handy and bookmark our outage reporting website [www.dpandl.com/report](http://www.dpandl.com/report) so you can quickly report an outage online. If you have an outage, don't assume a neighbor has called to report it.
8. Talk to your children now about storm safety tips, such as not touching a branch near a fallen power line. Tell them to alert you if they see damaged lines or electrical equipment. Warn them to keep pets away too.

Find more safety tips and educational information on our Web site at [www.dpandl.com/education](http://www.dpandl.com/education).

## BEAVERCREEK Golf Course Rates

### Golf Course Rates:

April 6, 2015 – October 18, 2015

#### Weekend Greens Fee & Cart Prices

Regular .....	\$55
Resident.....	\$50
Senior or After 12:00 p.m. ....	\$35
After 2:00 p.m. ....	\$35
After 6:00 p.m. ....	\$25
9 Holes .....	\$30

#### Weekday Greens Fee & Cart Prices

Regular .....	\$45
Resident.....	\$40
Senior or After 12:00 p.m. ....	\$35
After 2:00 p.m. ....	\$35
After 6:00 p.m. ....	\$25

Best value in the area. Country Club conditions without country club prices.

Make online tee times by visiting our Web site:

[www.beavercreekgolfclub.com](http://www.beavercreekgolfclub.com)

## Beavercreek Club Championship

See how your game stacks up? **July 11 & 12**

The Championship will be a 36-hole stroke play competition. We will have a Championship division, Senior division and Ladies division.

Cost is \$140 per golfer, and includes two 18-hole rounds with cart, range balls and lunch each day, awards and prizes.

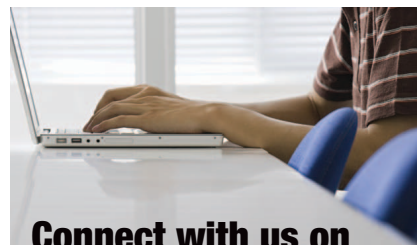

## Fall Resident Appreciation

Due to the bad weather we experienced for the spring event, we have decided to add a secondary event in the fall.

The dates for the fall resident appreciation will be October 15, 16, 17 and 18.

Simply make your tee time, show proof of residency, fill out a short survey and receive complementary greens fee at the best public golf course in area. Cart fee is additional.

## Connect with us on Facebook®, Twitter® and Instagram®.

We have ramped up our social media reach beyond the standard emails. Follow and like us to stay connected with what's happening at the golf course.

Facebook.com/beavercreekgolfclub;  
Twitter@golfbeavercreek;  
Instagram@golfbeavercreek.

## Junior Golf Camps

Get your swing into gear!

Come join one of the best junior golf program in the Miami Valley. Beavercreek's Junior Camp #2 will run from July 13 – 16, and cost \$165 per attendee.

The camp includes 3 days of instruction, 1 play day, lunch each day, T-shirt, golf shoes and a golf hat.

Instruction: ..... 9:00 a.m. – 12:00 p.m.  
Lunch: ..... 12:00 – 12:30 p.m.

## The Beavercreek Senior Center

The Beavercreek Senior Center recently celebrated a special 10 year anniversary on June 25. The day was full of demos, door prizes, other give-a-ways, good food and, most of all, we got to celebrate it with our members and friends. We were able to meet some new friends and some new members too! Please feel free to stop by the Center anytime as our members are friendly and would welcome you to join them in a game of cards, dominos, line dancing, game of pool, and so much more. Our motto has become welcome to the Beavercreek Senior Center "Where Members Become Friends."

We are also very excited to tell you we recently received a new facelift (painting and new carpet) to our facility and it looks fantastic! As a matter of fact it looks new again!

We have a busy summer and fall that includes; July 4th luncheon, Corn Roast, Murder Mystery, Euchre Tournament, Spaghetti Dinner, trips to La Comedia, and much more.

We have regular exercise classes available three times a week. We also offer Zumba and yoga class. For fun and recreation, we offer card games such as hase, (a version of euchre) and bid euchre as well as standard euchre. We have Mah Jong, dominos, bridge, knitting, line dancing, bingo, corn hole, billiards, and art class. We also offer a variety of special events that always consists of fun, food and friendship.

For more information on these and other upcoming events you may stop by the Center or contact us at 426-6166. Our hours of operation are:

**Monday through Thursday 9:00 a.m. to 7:00 p.m., Friday 9:00 a.m. to 4:00 p.m. and Saturday 9:00 a.m. to 12 noon.**

Memberships are only \$35 for Beavercreek City and/or Township and \$55 for non-residents.

If you are interested there is also a daily fee to use the facility, \$3 for residents and \$5 for non-residents.

Jump Start Sports is offering a variety of sports camps this summer for youth ages 3 to 12.

*All camps except Tennis at Rotary Park.*

*Residents: \$95; Non-Residents: \$110*

*\*\*\*Prices may vary\*\*\**

### Jump Start Lacrosse

July 6 – 10..... 9:00 a.m. – 12:00 p.m.

### Flag Football

July 13–17..... 9:00 a.m. – 12:00 p.m.

### Cheerleading

July 13–17..... 9:00 a.m. – 12:00 p.m.

### Tennis [held at Lofino Park]

July 13–17..... 9:00 a.m. – 12:00 p.m.

### Fall Soccer (Ages 3 – 4)

Sept. 3 – Oct. 8..... 5:30 – 6:30 p.m.

### Fall Soccer (Ages 5 – 6)

Sept. 3 – Oct. 8..... 6:30 – 7:30 p.m.

### Fall Flag Football

Sept. 11 – Oct. 16..... 6:00 – 7:15 p.m.

*Residents: \$70; Non-Residents: \$80*

## Strength & Stretch [CI Beaver Hall]

**Instructor:** Shawnah Tibbs Sergent

Thursdays, 5:30 – 6:30 p.m.

**Fall I Session:** September 10 to October 8

**Fall II Session:** October 22 to November 19

*Resident: \$45; Non-Resident: \$52*

## PiYo [CI Beaver Hall]

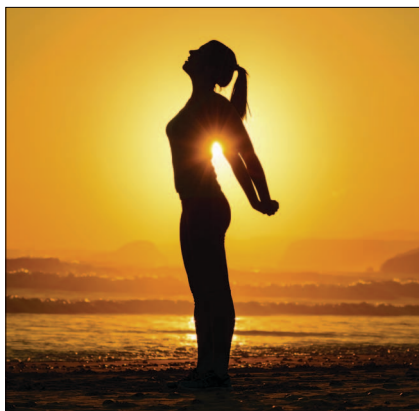

**Instructor:** Shawnah Tibbs Sergent

Tuesdays, 6:00 – 7:00 p.m.

**Fall I Session:** September 8 to October 6

**Fall II Session:** October 29 to November 7

*Resident: \$45; Non-Resident: \$52*

## Rise N' Shine [CI Beaver Hall]

**Instructor:** Shawnah Tibbs Sergent

*Mondays, Wednesdays & Fridays*

*Resident: \$70; Non-Resident: \$85*

### Fall I Session:

Sept. 14 – Oct. 16..... 5:30 – 6:30 a.m.

### Fall II Session:

Oct. 19 – Nov. 20..... 5:30 – 6:30 a.m.

## Skyhawks Sports Academy

### Mini Hawk

[Soccer, baseball, flag football]

*July 20 – 24 • Dominick Lofino Park*

Ages 4 – 7 ..... 9:00 a.m. – 12:00 p.m.

*Residents: \$109; Non-Residents: \$125*

### Multi-Sport [Soccer and Baseball]

*July 20 – 24 • Dominick Lofino Park*

Ages 3 – 4 ..... 12:30 – 1:30 p.m.

*Residents: \$55; Non-Residents: \$65*

### Soccer

*August 3 – 7 • Rotary Park*

Ages 6 – 12 ..... 9:00 a.m. – 12:00 p.m.

*Residents: \$109; Non-Residents: \$125*

Ages 4 – 5 ..... 12:30 – 1:15 p.m.

*Residents: \$55; Non-Residents: \$65*

## Yoga [CI Beaver Hall]

**Instructor:** Sandy Wright

*Resident: \$45; Non-Resident: \$52*

*Classes run from 6:15 – 7:15 p.m.*

### Monday Sessions:

**Fall I:** ..... September 14 – October 12

**Fall II:** ..... October 26 – November 23

**Fall III:** ..... December 7 – January 11

*(no classes December 28)*

### Thursday Sessions:

**Fall I:** ..... September 17 – October 15

**Fall II:** ..... October 29 – December 3

*(no classes November 26)*

## Pilates [CI Beaver Hall]

**Instructor:** Sandy Wright

*Resident: \$45; Non-Resident: \$52*

### Pilates Fall I:

Wednesdays, Sept. 16 to Oct. 14 at 6:15 p.m.

### Pilates Fall II:

Wednesdays, Oct. 28 to Nov. 25 at 6:15 p.m.

### Pilates Fall III:

Wednesdays, Dec. 9 to Jan 13 at 6:15 p.m.

*(no classes December 30)*

## Kids Summer Series [CI Beaver Hall]

**Instructor:** Shawnah Tibbs Sergent

**Resident:** \$10; **Non-Resident:** \$15

**Ages from 4 to 9 years**

### Star-Spangled Fun

Make bandana bracelet, rocket party favor and enjoy a treat!

Tuesday, July 14 ..... 10:00 – 11:00 a.m.

### Celebrate Friendship Day

Play games, make a craft, make a friend!

Tuesday, August 4 ..... 10:00 – 11:00 a.m.

## Kids Fall Frolic & Fun [CI Beaver Hall]

**Instructor:** Shawnah Tibbs Sergent

**Resident:** \$35; **Non-Resident:** \$40

**Tuesdays, September 8 – October 8**

**Ages 18 mos. – 2 years** ..... 10:00 – 10:45 a.m.

**Ages 2½ – 4 years** ..... 11:00 – 11:45 a.m.

## Ballroom Dance [CI Beaver Hall]

**Instructors:** Gus and Jessica Vu

**Tuesdays, Sept 22. to Oct. 27**

**7:00 – 8:00 p.m.**

**Residents:** \$70 / couple or \$60 / person;

**Non-Residents:** \$80 / couple or \$70 / person

## Swing Dance [CI Beaver Hall]

**Instructors:** Gus and Jessica Vu

**Swing I** – Wednesdays, September 23 through October 7 ..... 7:30 – 8:30 p.m.

**Swing II** – Wednesdays, October 14 through October 28 ..... 7:30 – 8:30 p.m.

**Swing III** – Tuesdays, September 22 through October 13 ..... 8:15 – 9:15 p.m.

**Residents:** \$45 per couple or \$30 per person; **Take both Swing I & II for \$70;**

**Non-Residents:** \$50 per couple or \$35 per person; **Take both Swing I & II for \$80**

## Music Programs

**[Piano Preparatory School,  
Indian Ripple Road]**

**“Jump Start” Classes  
for Children, Teens and Adults**

**Residents:** \$85; **Non-Residents:** \$98

### GUITAR

**Tuesdays, June 16 to July 28:**

**7 – 10 years** ..... 5:30 – 6:15 p.m.

**11 – 16 years** ..... 6:15 – 7:00 p.m.

**16 years & older** ..... 7:00 – 7:45 p.m.

### PIANO

**Mondays, June 15 to July 27:**

**8 – 10 years** ..... 11:00 – 11:30 a.m.

**11 – 16 years** ..... 11:30 – 12:00 p.m.

**16 years & older** ..... 12:00 – 12:30 p.m.

**Wednesdays, June 17 to July 29:**

**8 – 10 years** ..... 6:30 – 7:00 p.m.

**11 – 16 years** ..... 7:00 – 7:30 p.m.

**16 years & older** ..... 7:30 – 8:00 p.m.

### UKULELE

**Wednesdays, June 17 to July 29:**

**8 – 12 years** ..... 11:30 a.m. – 12:15 p.m.

**13 years +** ..... 5:30 – 6:15 p.m.

## PPS Piano Camp

**[Piano Preparatory School, Indian Ripple Road]**

**Ages 11 to 18 years • Residents:** \$200; **Non-Residents:** \$230

**June 22 – 25** ..... Monday – Thursday ..... 9:00 a.m. – 3:00 p.m.

## Philharmonious Strings

**[Piano Preparatory School, Indian Ripple Road]**

**Ages 9 to 15 years • Residents:** \$200; **Non-Residents:** \$230
